Two Veteran Shoemen And 15 Associates Honored By Cambridge Rubber Company

Two veteran shoe manufacturers, men who have devoted the adult years of their lives to producing footwear and who are internationally recognized as authorities in this field, were among seventeen other members of the Cambridge Rubber Company of Taneytown, Md., and Cambridge, Mass., who were significantly honored at a testimonial banquet at the Hotel Gettysburg Monday evening.

The recognition dinner was for those seventeen who have devoted 25 or more years of their lives to the service of the company, four or more of whom gave more than 40 years each.

The occasion was the testimonial dinner of the company for Ernest W. Dunbar, of Taneytown, a vice president of the parent company and president of the Carroll Shoe Company, of Littlestown, who has served more than 40 years in the shoe industry; Warren MacPherson, chairman of the board of Cambridge, and 15 other associates whose service range from 25 years and up.

The highlight of the testimonial was the presentation of a painting by Warren MacPherson, founder of the company, chairman of the board, and "a personal friend," to Mr. Dunbar "in recognition of more than 40 years of conscientious and faithful and devoted service to the Cambridge Rubber Company."

The veteran officials, and approximately 30 other guests at the dinner, roundly applauded the two veterans "friends and manufacturers."

Another highlight was the presentation of a gift to Warren MacPherson "for his long tenure of service" by his son, Robert W. MacPherson, president of the company.

The others who were honored for 25 or more years service include: George H. Bingham Jr., John E. Brodie, Frank M. Butler, Miss Anna Connelly, Mrs. Helen Poole Flaherty, Miss Catherine Greenham, Edmund Heffernan, Hewitt MacPherson, Miss Maude Norton, P. S. Robinson, George H. Rockwell, George Smith (Littlestown), Joe E. Tansey, Walter Warwick and John S. Wear.

The Messrs. Dunbar and MacPherson and the other associates were each presented a sterling silver pitcher by Robert W. MacPherson, president of the company.

The other officers and directors of the company include: Warren MacPherson, chairman of the board; vice presidents, Mr. Dunbar, Hans J. Kroto, C. Blake Galbraith, George H. Bingham and Frederick L. Patton.

Mr. Dunbar, who was the "guest of honor" at the dinner, has a distinguished record in the rubber industry. He is a native of Massachusetts and received a degree in industrial engineering at the Massachusetts Institute of Technology. He started in the rubber industry with the Apsley Rubber Company, at Hudson, (Continued On Page 10)

7 SUPPORT ORDERS GIVEN

Seven support orders were handed down by the Adams County Court this morning following hearings in the cases.

George D. Flickinger, Gettysburg R. 3, was ordered to pay \$15 per week for the support of his wife and child.

Donald A. Hinkle, East Berlin R. 2, was ordered to pay \$10 per week for the support of a child.

John E. Divel, East Berlin R. 2, was ordered to pay \$25 per week for the support of two children.

Charles A. Strickhouser, Littlestown R. 1, was ordered to pay \$25 per week for the support of his wife and two children.

In each case the defendants were ordered also to pay the costs and post bonds on their own recognizance to comply with the order.

The support order of John P. Barnhart, Taneytown was increased from \$25 per week to \$36 per week, for the support of his wife and two children. In court Monday, Mrs. Barnhart told the court she needed additional support because she has a \$595 income tax payment to make.

FORFEITS FINE
Charles E. Arentz, Littlestown, has forfeited \$11.45 in Westminster on a charge of exceeding 40 miles per hour.

LIONS STAGE AUCTION FOR CLUB FUND

Gettysburg Lions Monday evening raised more than \$200 for their own convention fund with a special dinner and a "white elephant" auction at the Shetter House.

D. E. Hess was the auctioneer and sold scores of items donated by club members for a total of \$171.50. They ranged from a live puppy to a gallon of "tobacco brown" house paint, a dressmaker's model, a piece of shrapnel from the Gettysburg Battlefield, some wrapped "mystery" packages, a \$50 night stand, foodstuffs, baby shoes and auto accessories.

In recent weeks, the members also donated cans of fruit and vegetables and one potato each to help cut the cost of Monday's meal. The convention fund netted \$37.75 by that means.

President John C. Stahl, presided at the meeting at which financial reports covering the period from July through October showed the club had paid \$1,988 out of its Charity Fund in those four months. The sums included \$1,000 to the Community Chest, \$783 to the York Blind Center for brooms which the Lions sold at a profit of about \$300 for the Charity Fund, \$55 for glasses, \$25 for Retarded Children's work, \$100 to the Beacon Lodge for the Blind and \$15 to the A.M.E. Zion Church.

Monday evening the club paid \$25 to the county Christmas seal sale by the Tuberculosis society. Reports showed the club has taken in \$70 in advertisements for the benefit football game program and \$892.69 in ticket sales with returns not yet complete.

A meeting of the Boys' and Girls' Stewards and Special Activities committees was held after the club session.

Gordon Webster, chairman, and members of the Convention committee were in charge of Monday's meeting.

St. James Women To Meet Thursday

A film, "My Family's Hungry," will be shown at the general meeting of the Women of St. James Lutheran Church Thursday evening at 7:30 o'clock in the dining room of the church, according to Mrs. Kermit Dardorf, first vice president, who is planning the program.

Mrs. George Fair will sing a solo, and the Esther Circle, Miss Anne Shryock, leader, will be in charge of the devotions. Members of the Mary and Martha Circles will act as hostesses. Mrs. Richard Smith and Mrs. Calvin Schadel are leaders of these circles.

Mrs. C. C. Culp, president of the organization, will preside at the business meeting, when officers and committee chairmen will give reports of their activities.

The Youth Canteen, which operates in the dining room Thursday evenings, will be cancelled this week.

PLANS TO SING "AVE MARIA," SPIRITUALS

Miss Dorothy Maynor, who sings in the first concert of the Gettysburg Community Concert Association this season in Christ Chapel Wednesday evening at 8:30 o'clock, did not, as a young girl in her home city of Norfolk, Va., plan a career in music.

Although she had sung in the choir of her father's church, at 14 she entered the Hampton Institute intent on a career in home economics. She tried out for the Hampton Choir, was accepted, and was selected to tour with that group when it sang in concerts throughout the U. S. and Europe. Aided by a scholarship and encouraged by friends, she turned her attention to musical study.

Her rise to fame, following her concert debut 20 years ago, is well known.

To Sing "Ave Maria"
Wednesday night she will sing the J. S. Bach chorale, "To Thee, Jehovah," as her opening number. This will be followed by "Let Me Wander" from "L'Allegro" and "O Sleep, Why Dost Thou Leave Me?" from "Semele," both by George Frederick Handel.

Three works by Franz Schubert, "Ständchen" (Serenade), "Gretchen am Spinnrade" (Marguerite at the Spinning Wheel) and "Ave Maria," the last probably the most popular song with this title, and three songs by Richard Strauss, "Zueignung" (Devotion), "Morgen" and "Cacilie," comprise the second portion of the program.

Operatic Aria
For part three Miss Maynor will sing the "Pace, Pace, Mio Dio," from Giuseppe Verdi's "La Forza del Destino." It is from the opening scene of the fifth act of the opera when Leonora implores Heaven to let her die as she is unable to forget her lover.

Following intermission, Miss Maynor will sing "None but the Lonely Heart" and "Why?" by Tchaikovsky and "In the Silence of the Night" and "Floods of Spring" by Rachmaninoff.

The concluding portion of the program is composed of a series of Nathaniel Dett arrangements of Negro spirituals, "Roll, Jordan, Roll," "A Man Going 'Round Taking Names," "Old Time Religion" and "Ride on, Jesus."

MRS. A. MYERS EXPIRES TODAY

Mrs. Alice A. Myers, 78, widow of Casper P. Myers and formerly a resident of Booneville, died this morning at 1:30 o'clock in the Hanover Hospital. She was the daughter of the late Lewis and Sarah Harding Weaver, a member of the St. Joseph's Catholic Church, Booneville and a member of the Rosary Society of the church.

Since the death of her husband in July, 1957, she had resided with her son-in-law and daughter, Mr. and Mrs. John C. Krichen, 512 S. Queen St., Littlestown.

Survivors are three daughters, Mrs. Krichen, Mrs. Paul Sneedinger, New Oxford R. 2, and Mrs. George McMaster, McSherrystown; a son, Louis C. Myers, McSherrystown; a sister, Mrs. Emma Paynter, Spring Grove R. 3; three brothers, Charles Weaver, New Oxford R. 2, and Edward and Harris Weaver, Gettysburg R. 5; 17 grandchildren and 13 great-grandchildren.

Funeral services Thursday with meeting at the Krichen residence at 8 a.m. and requiem high mass at 9 a.m. in St. Joseph's Church with the Rev. Fr. Leo J. Krichen celebrant. Burial in the church cemetery. Friends may call at the Krichen residence Wednesday from 7 to 9 p.m. The Rev. William A. Boyle will recite prayers at the residence Wednesday at 8 p.m.

ANNIVERSARY TO BE MARKED AT CEMETERY; BIDDLE SPEAKS

Final plans were announced today for the program to be held in the Gettysburg National Cemetery Wednesday afternoon at 2:30 o'clock marking the 95th anniversary of the dedication of the cemetery by President Abraham Lincoln.

Major General Anthony J. Drexel Biddle, adjutant general of Pennsylvania and chairman of the state's commission to mark

STEPFATHER NEED NOT PAY FOR CHILDREN

The Adams County court Monday afternoon decided that a stepfather is not responsible for the keep of his stepchildren in dismissing a petition for support against Raymond Moyer, Cemetery St., Littlestown. The court asked Mrs. Moyer whether the action was brought at the investigation of the state Department of Public Assistance. She said that it was, and the court dismissed the case and put the costs on the county.

The support order against Robert N. Helm, Gardners R. 1, was reduced to \$6 per week for his child and \$2 per week on an arrearage of \$1,071. He was also ordered to pay the costs. The order was previously for wife and child, but the wife was removed from the support order because of a divorce in March.

The support order of B. L. Sellman, Littlestown R. 1, was reduced to \$10 per week for the support of two children starting August 30.

Volunteered Increase
Bucher T. Simmons, Aspers, was ordered to pay \$15 per week for the support of his wife and two children, enter into a bond on his own recognizance to comply with the order and pay the costs.

Lawrence Johnson, Chambersburg, was ordered to increase payments to his wife and six children to \$25 per week. The (Continued On Page 2)

New Boss Takes Over In Sudan

CAIRO (AP) — Gen. Ibrahim Abboud took over today as premier and defense minister of Sudan.

The Sudanese Radio announced the formation of a new cabinet headed by the 58-year-old army commander who led the coup that deposed pro-Western Premier Abdullah Khalil Monday.

Abboud's deputy, Gen. Ahmed gabel Wahab, became minister of the interior and local government of the million-square-mile African nation that sprawls between the Red Sea and the Sahara. In the cabinet are seven army officers and five civilians.

Abboud issued a decree giving himself "full legislative, executive and judicial powers." Abboud seized power in Khartoum. Charging corruption and political instability, he ousted Khalil, dissolved Parliament and abolished political parties.

CONFERENCE BATTLES OVER LEADERSHIP

The second annual Civil War Conference at Gettysburg College ran into its first major engagement Monday night as it ventured into discussion of the military leadership of the North and South. Until opinion was expressed on the relative merits of the generals who led the armies in the conflict of nearly a century ago, few differences were being expressed among the conferees.

But Monday night, throwing caution to the winds, Dr. T. Harry Williams, professor of history at launched into an appraisal of the Civil War generals in which not even the much adored Southern hero, Robert E. Lee, escaped criticism.

He also challenged positions of previous lecturers who had attributed the South's defeat to economic and political considerations. Pointedly, he quoted Cyril Falls: "It is remarkable how many people through contortions to prove that battles and wars are won by any means except that by which they are most commonly won, which is by fighting. And those are often the people who are accorded the most attention."

Inexperience
Dr. Williams noted that "the men who would lead the Civil War hosts had never seen an army larger than the 14,000 men of Scott or Taylor in the Mexican War."

Much similarity in the thinking and actions of generals on both sides was attributed to their being products of the same educational system, including West Point.

"The strategy that was presented at the Point and that was studied by interested graduates came from a common source and had a common pattern," Dr. Williams said. "It was the product of the brilliant Swiss officer who had served with Napoleon, Antoine Henri Jomini, universally regarded as the foremost writer on this theory of war in the first half of the 19th century."

Jominian Influence
"Every West Point general in the war had been exposed to Jomini's ideas, either directly by reading Jomini's writings or abridgements or expositions of them . . . or hearing them in classrooms."

Dr. Williams said that Jomini "sought to formulate a set of basic principles of strategy . . . using . . . examples (from) campaigns and techniques of Napoleon." These, Dr. Williams said, were principles "that many (Continued On Page 9)

CLAIMS NORTH HAD ECONOMIC ADVANTAGE IN WAR OF '61-65

Economic considerations were the most decisive factors in the Northern victory in the Civil War, declared Dr. Richard N. Current, historian and author and head of the political science department at Women's College, University of North Carolina.

Dr. Current expressed these views in his Monday afternoon lecture at the second annual Civil War Conference at Gettysburg College.

These views were largely concurred in by Dr. John Hope Franklin, professor of history at Brooklyn College and conference commentator, who "replied" to Dr. Current following the latter's lecture on Christ Chapel.

Dr. Current cited statistics which indicated major advantages for the North, both in population and wealth.

"If wars are won by riches," he said, "there can be no question why the North eventually prevailed. The only question will be: How did the South manage to stave off defeat so long? Or perhaps the question ought to be: Why did the South even risk a war in which she was beaten before the first shot was fired?"

View Not Shared
Dr. Current cited, by example, Southern opinion against the venture into a war with the Union, but this, he added, "was not the prevailing attitude of Southerners at that time."

The position, taken by some, that the South had "ample means," continued to be defended by most Southerners, even after the war was lost, Dr. Current added.

Dr. Franklin echoed these conclusions in his commentary.

"Southerners didn't like anyone who faced the fact of the South's economic weakness," he said. "Vast majorities of Southerners wanted to believe the opposite of what the facts were."

"Dream World"
"Southerners," Dr. Franklin continued, "lived in a dream (Continued On Page 6)

At Least 10 Die In Severe Mid-West Blizzard; Travel Hazardous; 16 In. Of Snow

KANSAS CITY, Mo. (AP) — Blizzard conditions crippled the northern Plains today as a storm rolled slowly into Canada leaving much of mid-America covered with drifted snow, tornado litter and rain-swollen streams.

At least 10 deaths were attributed to one of the earliest major winter storms in Weather Bureau history—a turbulence that swept from Texas and Louisiana to Minnesota and Wisconsin, from the slopes of the Rockies to the Mississippi River.

The storm center moved to the Minnesota-Canadian border overnight and was expected to pass into western Ontario by evening, resulting in diminishing winds and generally improving conditions over the northern Plains late tonight.

Travel Is Hazardous
Heavy snow drifting was reported over the Dakotas and north-

PAINTER DIES IN CAR CRASH

A 50-year-old Maryland house painter was killed and a Hanover woman injured when an automobile ran off the fog-shrouded Hanover - Baltimore highway, three and a half miles north of Hampstead, about 2 a.m. Sunday.

John Franklin Sandruck, 39, Snyderburg, Westminister R. 3, driver of the car, died of a broken neck, according to Dr. Joseph Bush, Hampstead, who pronounced the man dead at the scene.

Mrs. Lucille Emory, 45, Hanover, a passenger in the car, is a patient in the Hanover Hospital with severe cuts of the face and right leg. Her condition was regarded as satisfactory.

Mr. Sandruck was a son of the late John and Maggie Ely Sandruck. He resided with his brother-in-law and sister, Mr. and Mrs. Harry Neudecker, Snyderburg. Surviving in addition to the sister are four children, John, Mary, Ruth and Daniel Sandruck, Taneytown.

Funeral services were held today at 2 p.m. at the Tipton funeral home, Hampstead. The Rev. Elmer T. Sprinkle, pastor of the Shiloh Dover Methodist Church, officiated. Burial in Manchester Reformed Cemetery.

(Continued From Page 1) hearing indicated that he had voluntarily raised payments to his wife from the prior order of \$15 per week to \$25 per week upon having increases in his salary.

An arrearage took care of the whole problem in the support order against Charles W. Bupp, Carlisle. Bupp has two more years to pay \$10 per week for the support of a son until the son reaches the age of 18. He and his wife had petitioned the court to have the support order reduced. It was learned that there was an arrearage of \$1,967. The final result was reduction of the arrearage to \$1,040, suspension of payments on the support order, but an order to pay \$10 per week on the arrearage, thus when the two years are up, the remaining arrearage will also be paid.

A petition for a citation on the executors to file a further account in the estate of Fred C. Riley, late of Cumberland Twp., was continued to Saturday.

(Continued From Page 1) mischief involving the breaking of several windows brought against him by Mrs. Ruth I. Kessel, former landlady. Sentence on that charge was suspended upon payment of costs.

Charles L. Steward, Arendtsville, was sentenced to from 6 to 12 months in jail on a charge of larceny resulting from his theft of a portable radio from a car which he attempted to remove from the parking lot at Swope's Atlantic Service Station. Steward was also charged with operating a motor vehicle without the owner's consent. Steward drove the auto only a few feet before it bumped a parked bus and he fled the car carrying the radio.

He was picked up shortly thereafter. Steward, who pleaded guilty, told the court that he had not used the radio because of his quick arrest. As he put it, "I didn't exactly wait for them to arrest me but I didn't make no haste to get away, neither."

An itinerant worker, he said, he had been "in a little trouble before" in New York, California and Tennessee. Steward is a negro.

Car Thieves Sentenced
George Franklin Oyler and Dean Verdier, both of York, charged with stealing a car from Warren Chevrolet, were sentenced to from nine to 18 months in the Allegheny County Workhouse.

Raymond Smith, Aspers R. 1, charged with surety of the peace by Bruce E. Shetter, was found innocent of the charge and the costs were divided between the two men. Shetter said Smith started an argument about mileage of a certain make of automobile and held Shetter had made the statement previously. When Shetter denied it, Smith left and then returned with a shotgun. Shetter said he did not hear Smith make any threats with the gun because "I didn't want to see what he was going to do."

Because no threat was made the charge of surety of the peace could not be sustained, the court held.

Delay Sentence
Sentence was postponed on three charges against Frederick T. Altland, 21, Gettysburg R. 5, who entered pleas of guilty before the court to charges of indecent assault, doing acts shocking to public morals and trespassing against the public peace. He is scheduled for psychiatric study before sentence is imposed December 15.

The Gettysburg National Bank was discharged as guardian of the estate of Esther F. Tipton, deceased.

BALKS AT PLAN TO PAY WIFE; GOES TO JAIL

John E. Slaybaugh Jr., 25, Aspers, went to jail Monday from Adams County court as a result of shaking his head instead of nodding it.

Slaybaugh and his wife appeared before the court with an agreement by which Slaybaugh would pay \$25 per week for the support of his wife and children.

Following usual custom, Slaybaugh, his wife and the sheriff disappeared into the office of Probation Officer D. M. Anderson to work out the arrangements for payments.

Had His Own Plan
After a bit, Slaybaugh and Anderson appeared before the court.

Anderson notified the judges that "Slaybaugh says he'll pay his wife, but not through the probation office."

Judge W. C. Sheely asked what Slaybaugh had against the probation office. He responded: "Nothing, but I've just made up my mind I'm going to pay my wife direct."

Judge Sheely said all support payments must be made through the probation office and asked Slaybaugh if he would pay through the probation office.

Slaybaugh shook his head negatively and the judge turned him over to the sheriff to contemplate his decision in jail.

Youth Severely Burned In Fire

Daniel Chrismer, 17, suffered severe burns about the leg Saturday when a can of gasoline exploded in the kitchen of his brother-in-law's home at Bonneauville. He was admitted as a patient at the Hanover Hospital. The Gettysburg R. 5 youth, firemen said, was carrying a can of gasoline which had been prepared for use on a proposed weekend camping trip and apparently the can bumped something and a small quantity of the liquid is believed to have spilled on the stove. There was an explosion, filling the kitchen with fire. Bonneauville firemen confined the blaze to the kitchen, but reported that the tremendous heat and smoke caused damage to the remainder of the house.

In the Texas and Oklahoma panhandles the snow turned to slush then froze again Monday night, making driving treacherous.

In Arizona the storm left two inches of snow on the desert, deposited 4 1/2 inches at normally warm Tucson and 14 inches at Flagstaff.

Bone-chilling temperatures followed the clearing. The Mercury dropped to zero in northern Arizona and 10 below in northern New Mexico.

Tornadoes and high winds caused damage in Texas, Oklahoma, Kansas, Missouri and Iowa as the storm system approached. Scattered severe thunderstorms and possible tornadoes were forecast for an area from extreme southeastern Iowa to extreme southeastern Wisconsin.

PROBLEMS OF MIDDLE EAST TOLD TO CLUB

Problems of the Middle East "go back to the day of the Crusades and before," Gideon Tadmor, second secretary of the Embassy of Israel, Washington, D. C., told the Rotary Club at its meeting Monday night at the YWCA.

"It is frustrating to a westerner, new to the Middle East, to work with the Arab world, for what seems logical, reasonable and rational to the westerner frequently would seem illogical, unreasonable and irrational to the Arab and vice versa."

"In dealing with the Arab world it is necessary to remember that the Middle East resident and the man from the western world have very different ideas about the meanings of certain words."

"Democracy has one meaning to us, a different one to the Arab world. Nearly everything else has different meanings. The western world has had its nations for so long that it forgets the intense nationalism of a new nation being born. Western democracies are all somewhat international minded now. But the Arab nations are back where Europe was perhaps centuries ago in establishing its nations."

Cites "Suspicion"

"Thus there is suspicion. This intense nationalism causes distrust and suspicion. We know that the United States has never had any imperialistic designs and thus are hurt when Arab nations are suspicious of the U. S. But remember the Arab nations do not know, as we know, the goodness of the U. S. The U. S. gives freely of surplus foods, but the Arab feels there must be some catch to it. And so there are bound to be misunderstandings."

"Israel in a way is illogical also. We say welcome to all refugees. We have had to squeeze thousands of people into an area smaller than Adams County. We welcome them, then try to figure out how to fit them into the economy. You were the world's melting pot. We in a sense are the world's pressure cooker. We have people from 70 nations."

David Blocher presided with 50 Rotarians present.

CENTENARY'S
HOMECOMING
ATTRACTS 400

Over 400 persons attended the annual Homecoming services held on Sunday in Centenary Methodist Church. The regular Sunday school session was held at 9:30 a.m.

The Rev. John A. Frehn, pastor of Trinity Methodist Church, Harrisburg, was the guest speaker at the 10:30 a.m. worship on the subject "Upon This Rock." The Rev. Mr. Frehn came to Centenary Church as pastor in September, 1938, remaining until April, 1941, when he was assigned to the Hustontown Charge. Greetings were read from the Rev. Ellis B. Davidson, who came to Centenary, with his bride, as pastor in 1914; and from the Rev. Grantas E. Hoopert, now of Mifflinburg, who was a former pastor. Both sent checks. The choir sang the anthem "Praise The Lord," accompanied on the organ by Mrs. Stella Furlow. Charles Wulfert and Dr. Samuel Bucke served as ushers.

Memorial floral arrangements were placed for the Sunday services as follows: In memory of E. S. Wallick, by the family; the late William Harper, by his daughters, Mary, Joan and Katherine; Mr. and Mrs. Seldon V. Taylor, by their daughter, Mrs. Mary D. Miller; Mrs. Genevieve Miller, by the children; Mr. and Mrs. Lloyd Baughman, by their daughter, Mrs. Bertha Harner; Ralph R. Ruggles Sr., by the family.

Hymn Sing Held

There was a hymn sing conducted in the afternoon at 2:30 p.m. The pastor, the Rev. William R. Jones led the singing, and Mrs. Furlow presided at the organ console. The Male Chorus from Maryland Line sang several selections. A tenor solo, "Bless This House" was sung by Everett Snyder. The program also included brief addresses by officials of the church and visitors in attendance.

The weekly community vesper services were held in connection with the evening worship. The host pastor, the Rev. Mr. Jones was in charge and the sermon was delivered by his brother, the Rev. Victor H. Jones, now serving as supply pastor for St. Paul's and Harbaugh United Church of Christ, Waynesboro. The guest speaker used as his subject "The Pillars Of The Church." The Rev. Victor Jones and the Rev. William Jones, both sons of the late Rev. Dr. R. Raymond Jones, of Landisburg, Pa., began their ministries in 1916. During the worship, the Junior Choir sang the anthem "Look To The Lighthouse."

The community vesper service next Sunday at 7:30 p.m. will be held in Redeemer's United Church of Christ. The Rev. William Jones will deliver the sermon. The host pastor, the Rev. Glenn Flinchbaugh, will preside.

The Official Board will meet on Wednesday evening, 8 o'clock, at the church. The meeting has been advanced one week due to the community Thanksgiving service on November 26.

Centenary Junior Choir will meet for rehearsal at 3:30 p.m. tomorrow.

The Rev. and Mrs. Victor Jones.

"JOYFUL JOURNEY"

I find wonderful contentment . . . when the weary day is through . . . and my journey takes me homeward . . . to a place where love is true . . . every step is like a tonic . . . as I know that soon I'll see . . . all the precious priceless treasures . . . I regard so tenderly . . . on I go across the distance . . . with a smile upon my face . . . for in not too many moments . . . I will feel a sweet embrace . . . oh there's joy beyond description . . . at the closing of the day . . . little is it any wonder . . . that I hurry on my way . . . with a wife and two dear children . . . and a house to call my home . . . there is happiness and laughter . . . from which I will never roam . . . so it is each night you'll see me . . . as the sun sinks in the west . . . traveling the joyful journey . . . to the ones I love the best.

Cross-examining
Caril Again Today

LINCOLN, Neb. (AP)—Prosecutors planned today to resume attempts to shake Caril Ann Fugate's story she was forced by fear and threats into her role as companion to Charles Starkweather, condemned slayer, on a killing rampage last January.

The cross-examination of the young murder defendant began Monday. The girl's defense during a three-week trial has been based largely on her own testimony. Caril, 15, is charged with aiding and abetting Starkweather in one of 11 killings blamed on him.

She maintains she didn't know her ex-boy friend already had killed three members of her own family when she and the youth set out last Jan. 27 on a bloody three-day flight that ended with their capture in Wyoming.

ANNOUNCING THE FIRST LUXURY
CARS WITH A CONSCIENCE:
NEW GAS-SAVING MONTEREYSNew economy-powered Mercury Montereys let you
"ride free" 10 miles in every 100

It's about time someone made a luxury car with a V-8 engine that delivers top performance on regular (not premium) gasoline. And Mercury's done it with this beautiful Monterey. You save 10% every time you stop for gas. You get more mileage with regular gasoline than many cars with premium.

It's about time someone built a beautifully styled car that is truly comfortable. Mercury's done it.

For easier entrance, this Monterey has wider front doors than the costliest cars. The windshield pillar has been moved out of the way of your knees and elbows.

For extra knee room, the instrument

panel has been moved away from your lap. There's 9 inches more stretch-out comfort.

For extra comfort for center-seat passengers, the tunnel-hump in the floor has been cut in half. Passengers in the middle no longer ride with their legs doubled up. And the lower hump makes room for thicker seat cushioning—not just thin padding.

In a dozen ways, the '59 Mercury has made pleasures out of what are still problems in other '59 cars: New windshield wipers have an overlapping pattern, clear even the center. New aluminized mufflers last twice as long. New anti-dive suspension checks "nose dip" on sudden stops. Self-

adjusting brakes eliminate periodic adjustment. New Super-Enamel finish keeps its beauty—doesn't need waxing for years.

Best of all, these beautiful Montereys are attractively priced—well within the reach of 2 out of 3 new-car buyers. We invite you to see them at our showroom.

FIFTY YEARS AGO

First Snow; Cold Weather: Not to the knowledge of our oldest residents have we had such cold weather so early in the season as that of the past few days. The thermometers in different sections of the town varied from two degrees above to four below zero Monday morning (November 16). Snow — the first of the season — started to fall Saturday morning and kept up continuously until about 10 o'clock at night. Col. E. B. Cope, of the National Park Commission, who reports the weather conditions for the U. S. Weather Bureau from this place, informs us that 8 1/2 inches of snow fell.

It is said to be the deepest snow that has fallen so early for many years.

In The County: Five youths of the borough of McSherrystown were taken before Justice of the Peace George L. Rice of that place for shooting "craps" and smoking cigarettes. They acknowledged their guilt and after being roundly censured by the Justice were put on parole for a year.

The queerest theft we have heard of for this year is reported from East Berlin where some miscreant stole a lot of ice from Butcher Shetter.

With The Deer Hunters: The deer season opened on Monday but most of the clubs pitched tents on Saturday so as to be ready bright and early Monday morning. The clubs from Adams county encamped on the South Mountain are as follows: Cash-town, Brysonia, Taylor, Arendtsville, Adams County, Kane and Berdewe's clubs.

Six deer were killed on Monday by the following parties:

F. Mark Bream, city letter carrier of this place, a member of the Cashtown club, "got his," a fine buck. His brother, Robert Bream, who belongs to the Adams County Club, killed one. The Monterey Club succeeded in bringing down a buck. Albert Beam, conductor of the Reading road, a member of the Cumberland Valley Club, killed his. A party of four gentlemen, composed of John Kane, Daniel and Aloysius Baker and a Mr. Shuler, killed a buck.

Since the above was put in type we have received an unofficial report that the Arendtsville Club shot a buck also.

Foot Ball: The Gettysburg football team was defeated by Mt. St. Mary's at Emmitsburg by a score of 39 to 0. The local players expected to play the second team but played the varsity in the second half.

Engine Used To Haul Votes: A novel method was used in Conewago township to convey voters to the polls on election day, Nov. 3rd. Thirty-five voters were conveyed to the voting place in a large wagon pulled by Wm. Lippy's traction engine.

Will Retire From Farming: J. B. Solt, who has been operating the Trostle Farm along United States Avenue, for a number of years very successfully, will retire from farming in the spring.

Ambrose Small, residing on the Martin Winter property, on the Mummaburg road, will move on the Trostle farm, April 1st, and Franklin Rudisill will take possession of the Winter property.

Gone To Newport: Oscar Bushman and family spent a few days with her parents, Mr. and Mrs. Levi Pushman, at the toll gate south of town. Mr. Bushman has conducted a saddlery store in Arendtsville for the past four years. He left yesterday for Newport where he intends opening a saddlery store.

Today's Talk

KEEP IN LINE

It is interesting, and instructive, to watch a crowd before a door that opens to some sort of exhibition, or to hear a noted man or woman. There is usually a rush to get in, to beat someone else in the procession. At times you will hear the voice from somewhere: "Please keep in line! There are touches of the 'mob spirit,' I presume, in us all. Let us try, or do our best, to act the cultivated man, or woman, at such a time!"

I recall reading a most effective editorial, many years ago entitled "Get in line, or else get out." The writer referred to those who failed to cooperate with the organization, always finding fault, and creating trouble among the other workers. In an organization those who keep in line, do their work well, and have the interest of all at heart, are the ones who reach the top, and finally run the business.

Keep in line, but don't shove or push—unless you push yourself, but not in an unfair manner as regards other workers. Invite others to be friendly with you. Keep thinking about the jobs ahead. In other words keep your eye on the top rung of the ladder of success! Remember that he climbs highest who helps another up! We are a make-up of others. We are other-made, not self-made, except to a very small degree.

Keep in line. Be courageous, patient, and humble. Study the success of others. Then try to surpass them! The college is not the last word in an education. It is but the foundation and the start. Keep growing. Keep cheerful and you will influence others near to you. Believe in yourself. Have faith. Do not doubt.

Tomorrow Mr. Adams will talk on the subject: "The Baby In Your Heart"

Just Folks

THE GRUFF OLD MAN

Don't judge a man by what you see

When business cares are on his mind.

At work, though gruff a man may be,

At home, perhaps, you'll find him kind.

I know a gruff old man who seemed

To be perpetually riled,

And no one ever would have dreamed

That down at heart his ways were mild.

This gruff old man at work would scowl;

It seemed that he was always cross;

He gave his orders with a growl,

Impressed on all that he was boss.

A gruff, they called this gruff old man,

And that is what he seemed to be;

But home, a little baby ran

To clamber high upon his knee.

Then childish laughter filled the place

And through the home rang shouts of glee.

No frown would ever shade his face

When baby clambered to his knee.

Ready to romp, and run and play,

This gruff old man was always found

With baby at the close of day,

The gayest man for miles around.

Layton H. Rice, cashier of the First National Bank of Arendtsville, has moved into his new home on Pearl street.

Last Saturday 6 inches of snow fell here, which is unusual for so early in the season. But it is very acceptable to our deer hunters, who went into camp today.

The ex-king filed suit against a Milan candy manufacturer who put Farouk chocolate bars on the market.

ADVERTISE IN THE TIMES

GIANTS FACE
LONG SHOT BID
FOR TITLE

NEW YORK (AP) — Tackle Roosevelt Brown is out of the hospital, but the New York Giants are anything but out of the woods in their long-shot bid for the Eastern Division title in the National Football League.

With Brown — and halfback Alex Webster and tackle-guard Jack Stroud — out of action, the Giants blew their share of the Eastern lead in that nightmare at Pittsburgh Sunday, won by the Steelers 31-10.

All three first liners were injured in the Baltimore upset of two weeks ago that hoisted the Giants into a tie with the Cleveland Browns. Only Stroud is a sure bet to be available when the Giants begin their "win-em-all-or-out" drive against Washington this weekend.

Fractures Cheekbone
Brown, a 6 foot 3, 245-pounder, suffered a fractured cheekbone in the Colt game. He was released from the hospital Monday, but is still troubled by dizzy spells and a sinus condition. Brown will work out today, but Dr. Francis Sweeney, team physician, doubted he'll be ready for Sunday's game.

Whether the Giants are out of the race depends on what they do against Washington — and Philadelphia and Detroit. They have to beat all three to have any hope of forcing a title playoff in the close out game with Cleveland December 14.

Cleveland has a 6-2 record. The Giants are 5-3. Each has four games left.

Webb, Giardello
Battle Wednesday

SAN FRANCISCO (AP)—If they put microphones in fighters' corners you'd probably hear Spider Webb being told Wednesday night, "Get mad, boy, get mad."

"He's a real nice guy, too nice at times," explained Webb's manager, Hector Knowles. His middleweight contender fights his ranking Joey Giardello in a nationally televised 10-rounder at the Cow Palace. The show goes on at 7 p. m. PST.

Both fighters are angrier at champion Sugar Ray Robinson than they are at each other. They both want a shot at the title. There's been no indication from Robinson's corner that either will get it.

Giardello is favored by a slight margin.

Comet, Jet Race Across Atlantic

LONDON (AP) — A British Comet IV and an American Boeing 707 raced across the Atlantic Ocean today. Jet airline passenger competition was in full swing.

The Comet of British Overseas Airways Corp. was due in New York with 33 passengers at 2:35 p. m. est. Pan American's 707 was scheduled to land 110 passengers in New York at 1:45 p. m.

The Comet left London Airport with a 35-minute delay. Planes were to refuel at Gander, Nfld.

BOAC started daily New York-London jet service last Friday. Pan America's inaugural was delayed 1 1/2 hours Monday by fog which trapped it in Ireland.

Invite Public To Athletic Assembly

An invitation has been extended the public to attend the assembly program at Gettysburg High School Wednesday afternoon at 1:05 o'clock when the awards will be made to members of the high school varsity football squad.

A feature of the program will be colored films of the Gettysburg-Waynesboro game.

SEEK BOWL OPPONENT

NEW ORLEANS (AP) — The Sugar Bowl Executive Committee meets today to discuss possible opponents for Louisiana State University in the Jan. 1 game.

LSU, the nation's top team for the fourth straight week, has not been invited officially to the 25th annual game. But the unbeaten, untied Tigers appear certain of an invitation regardless of the outcome of Saturday's season ending game here against Tulane.

OPEN SEASON APRIL 14

BOSTON (A) — The Boston Red Sox will open their 1959 American League baseball season at home April 14 against Washington, General Manager Joe Cronin announced today.

Additional night games have been included for Fenway Park. There will be 24, five more than last season.

Increases Lead In Hockey Loop Scoring

NEW YORK (AP)—Springfield's Ken Schinkel, who has scored at least one point in 16 straight games, has increased his lead in the American Hockey League scoring race.

Statistics released today show the Indians' right wing with a six-point lead, totaling 35 points on 16 goals and 19 assists. The record for scoring in consecutive games is 24, by Cleveland's Tommy Burdington.

Runners-up to Schinkel for the scoring title are teammate Harry Pidhirny and Buffalo's Bill Sweeney, each with 29 points. Another Indian mate, Jim Anderson, is fourth with 27.

Schinkel leads in goals with his 16, while Pidhirny leads in assists with 20. Anderson has scored goals in eight straight games. The record is 11 by Fred Glover of Indianapolis.

Buffalo's Marcel Paille leads the goal-tenders, allowing 2.31 goals a game.

Littlestown SENIORS WILL PRESENT PLAY

The Senior class of the Littlestown High School will present "Rebel Without a Cause," a play in three acts based on the motion picture by Warner Brothers Studio, on Friday and Saturday nights in the high school auditorium at 8 p.m. This year's production is under the direction of Don Trimmer, of the English Department. The play is produced by special arrangement with the Dramatic Publishing Company of Chicago.

"Rebel Without a Cause" is a constructive look into the emotional problems of teen-agers today. In addition to being a brilliant and worthwhile study of this problem, it is a compelling and useful play. Tickets are 65 cents for adults and 35 cents for children, and may be purchased from any Senior or at the door.

Judy Long will appear in the role of Judy Brown, played in the motion picture by Natalie Wood, and the role of Jim Stark, which was played by Jimmy Dean, in the Hollywood production, will be portrayed by Jesse Sheely. Cast in the other major roles are Karl Bankert as Buzz; Kenneth Hollinger and Janice Breighner as Mr. and Mrs. Stark; Hugh Roberts as Plato and Michael Collins as Ray, the juvenile officer.

Other roles in the play will be enacted by Samuel Frymeyer, as Officer Muller; Jack Ketterman as a police officer; Patricia Yingling as Mrs. Davis; Roberta Graham as Grandma Stark; Susan Streiv as Belle; Shirley Leister as Miss Hannington; Charles Hawk, Wayne Conover, Dean Shorb, Mary Jane Arentz and Judy Breighner as members of the gang; Janet Sell as a lecturer; James Patterson and Joyce Breighner as Mr. and Mrs. Brown.

Production responsibilities will be handled by the following Seniors: Publicity and sound, Julie Ann Kammerer; stage manager, Fred Straley; prompters, Barbara Ann Grove and Betty Wallick; properties, Phyllis Eby; curtain, Gene Erb; tickets, Beatrice Hilker; stage crew, Gail Gouker; programs, Gloria Messinger, and lights, Heidi Nickey and Dean Hilker.

Mark Education Week

National Education Week was observed at last week's assembly in the Littlestown Senior High School, when a program was presented in charge of the Future Teachers of America. A skit was given comparing the schools of 1859 and 1958.

In the Junior High assembly, the Gold Band played a number of selections. A cast of characters from the seventh and eighth grades presented a humorous skit showing scenes from school classes in action. The skit was under the direction of Miss Dorothy Crabbs.

Gastley Rewrote Football Records At Delone High

The 1958 high school football season in and around Adams County has to come to a close with coaches and managers storing grid equipment away and checking their lists to see who the letter winners are and which boys will be graduating in June.

The sports writers have compiled individual and team statistics to be added to the record books of another season. More than 132 boys have taken part in the gridiron sport in the county and the name that stands out the most is that of John Gastley, son of Mr. and Mrs. Elmer R. Gastley, Gettysburg R. 5, a senior at Delone Catholic High School, McSherrystown.

Many top notch football stars have passed through Delone in the last 16 years, but none have equalled the all-around ability of the 190 pound, 6'0, 18-year-old youth from Gettysburg.

During John's three years of varsity football, he has compiled an amazing average of 7.0 yards per carry in 29 ball games. The well built halfback has gained 2,323 yards over the three-year period and has carried the ball 332 times. He has scored 34 touchdowns and two extra points for a total of 206 points. Being the main punter last year and a half, he has booted the ball 34 times for 1,259 yards to average 37 yards per punt.

Not only is John Gastley an outstanding athlete, but he also ranks high in his class scholastically. Because of this, he is being sought after by a number of the colleges and universities throughout the country. Besides all this, he has the honor of being nominated for the Pennsylvania "Big 33," a team composed of outstanding high school football players throughout the state. He is also a sure bet to be named for the second straight year to the Central Penn Catholic League All-Conference, first team.

The youngster will conclude his athletic career at Delone following the basketball and baseball seasons.

STOLE CARS WHILE IN JAIL

POTTSVILLE, Pa. (AP) — Dale Reinhart, 19, thought he'd found a neat gimmick for getting out of jail — and back in again. Reinhart, of nearby Barnesville, was assigned along with another prisoner at the Schuylkill County jail to the boiler room detail. They discovered a trap door above the coal pile.

Warden Walter H. Scheipe said Reinhart made several forays through the trap door. In his hours of freedom, he stole a number of automobiles. It was one of the cars which led to his downfall.

A hunter discovered a car stolen from a garage in the woods here. Inside the car was a safe, also stolen from the garage. Police staked out the car Monday, and Reinhart and a companion came along a little after midnight. Officers fired several shots. Reinhart surrendered. His companion escaped.

Police said he admitted the auto thefts. He was held for further questioning. Reinhart was serving a 5-to-12 year term for burglary and violation of the firearm act.

Study Rule To Tame Coaches

ST. LOUIS (AP) — The Executive Board of the National Basketball Assn. is studying a rule to tame down coaches who like to charge onto the playing floor and register violent protests with referees.

The board, in a session here today, looked over a rule which would fine a coach who has disrupted a judgment \$10 for the first infraction, \$25 for the second, \$50 for the third and expel him from the game on the fourth.

A new rule which costs the team possession of the ball when an offensive foul is called has been

Vejar Winning With His Lucky Charm

BOSTON (AP) — Chico Vejar is winning again now that he has his good luck charm, Charlie Goldman, back with him.

The 27-year-old Stamford, Conn., boxer made it four in a row since the return of Goldman as his manager when he gained a technical knockout Monday night over Joe Denucci.

Vejar, the sensation of television at the start of the decade, won 30 in a row under Goldman, including 21 by knockouts. When Charlie left to be the trainer for now retired world heavyweight champion Rocky Marciano, Vejar's fortunes, and record, took a nose-dive.

The end of the scheduled nine rounder came at 1:14 of the sixth when Referee Jimmy McCarron said no more as blood gushed from a cut over Joe's left eye.

MICHIGAN HAS GRID BLUES THIS SEASON

By DAVE DILES
Associated Press Sports Writer
DETROIT (AP) — Michigan no longer is champion of the West and the term "splendid Spartans" no longer fits Michigan State.

For no matter what these two teams do in their final games Saturday, the 1958 season will be remembered as the blackest in the state's football history.

Michigan is one of the schools that made people say that the best college football in the world is played in the Big Ten. When Michigan State went big time under Biggie Munn in the late 1940s, the Spartans enhanced the state's reputation as the birthplace of champions.

Buckeyes Favored
Michigan's Wolverines have been playing collegiate football since 1879 and their upstate rivals started in 1896. Michigan has won more Big Ten football titles than any other school in conference history.

Unless Michigan defeats Ohio State next Saturday — and the Buckeyes are favored by at least two touchdowns — this will be Michigan's worst record in 23 years.

Michigan State is favored over Kansas State, and unless the Spartans come through with a victory this will be their worst campaign since 1917 when they failed to win in nine starts.

Was Predicted

Michigan's 2-5-1 record comes as no great surprise since most everyone predicted this would be an off-year for the Wolverines. Michigan says it is rebuilding and has promoted backfield coach Bump Elliott to the head coaching job, succeeding the retiring Bennie Oosterbaan.

Duffy Daugherty himself said this would be another fine year for State, and Spartan followers believed him. That is what makes Michigan State's 2-5-1 record so bad and now there is talk of a major split between Daugherty and Athletic Director Munn, the man Duffy replaced.

Even the University of Detroit, the state's third major college, has collapsed. The Titans announced a couple of seasons ago they were once again aiming for the big time, but they have a 3-4-1 record and reports are circulating that Coach Wally Fromhart is on his way out.

Jim Thorpe In "Hall Of Fame"

OKLAHOMA CITY (AP) — Famed Jim Thorpe, who died five years ago, has been named to the National Indian Hall of Fame. Selection of the Sac and Fox Indian, America's outstanding athlete of the first half century, was made Monday by the hall's board of directors.

A statue of Thorpe is to be erected at the Hall of Fame near Anadarko, Okla. Born on an Indian reservation in Pottawatomie County, Okla., Thorpe first drew fame as a football player at Carlisle University in Pennsylvania and later he won worldwide honors as an Olympic star in 1912.

WARREN GILES GIVES VIEWS ON 3RD LEAGUE

MILWAUKEE (AP) — Warren Giles let New York's ambitious planners in on his version of the facts of baseball life Monday night.

Forming a third major league, said the National League president, "is easier to accomplish through a press release than actually getting the cities, parks and players."

At the same time, Giles apparently is in opposition to Commissioner Ford Frick's hopes for an expansion of major league baseball.

Testimonial For Quinn
Baseball, said Giles, must "keep a small structure, rather than enlarging it and diluting it."

Speaking before more than 500 persons at a testimonial dinner for General Manager John Quinn of the Braves, Giles added:

"If enlargement means dilution of our product, we are not keeping faith with the people."

Giles said he favored cooperation within baseball on all levels — in player recruiting, and if necessary, in the subsidization of the minor leagues to guarantee a supply of talent for the majors.

Threats Won't Work

His views on a third major league were a follow up to an announcement by the New York Mayor's Baseball Committee last week that it planned to form a third league — either within the present baseball structure or outside it, raiding the majors for players — in an effort to regain two-team status for the city.

Giles originally answered that announcement by saying he did not believe New York could regain a National League franchise by threats.

Frick is on record as being in favor of keeping New York open territory for a franchise in some subsequent expansion program.

Quinn Landed

On recruiting players, Giles said that meant cooperating with the baseball training grounds, the high schools, colleges and little leagues.

Quinn heard himself described as "a great guy and a real champion" by a host of National and American League club officials.

Fred Haney, Milwaukee manager, said he hoped that when his turn came to leave baseball "I can step out of this game with the same respect and feeling baseball men have for Quinn."

Charlie Grimm, former Milwaukee manager, said that as long as Quinn guides the Braves "Milwaukee will never have to worry about a first division ball club."

15 UNBEATEN COLLEGES LEFT

By THE ASSOCIATED PRESS

The nation's list of unbeaten, untied college football teams is down to 15 today with Louisiana State the only major school.

LSU became the only major survivor when it defeated Mississippi State 7-6 Saturday night after Rutgers lost to the Quantico Marines, 13-12.

Eleven of the 14 minor schools on the list have completed their seasons.

In minor competition, St. Benedict's had a 10-game winning season.

Arizona State at Flagstaff has won nine games while Northeastern Oklahoma, Gustavus Adolphus, Wheaton, Kearney and Chadron have completed their seasons with nine triumphs.

Still playing, Mississippi Southern has won eight games and Florida A&M has defeated six rivals. Rose Poly, California (Pa.), Rochester, Sewanee and Missouri Valley all finished with eight victories.

Boston Pair On Scoring Spree

MONTREAL (AP) — Boston's Don McKenney and Johnny Bucyk, both anchored in 18th place a week ago, have broken loose on a startling spree that has them pressing the leaders in the national Hockey League scoring race.

Andy Bathgate of the New York Rangers and Ed Litzenberger of the Chicago Black Hawks share the lead with 20 points. McKenney and Montreal's Henri Richard are next with 18. Bucyk and Montreal's Maurice Richard and Bernie Geoffroy have 17.

The scoring race, unusual enough with the Canadiens shut out of the lead (although they hold 5-0 the top 10 positions, was really jolted when McKenney picked up 9 points on 6 goals and 3 assists and his Bruin mate, Bucyk, bagged 8 points on 4 goals and 4 assists last week. They counted 10 of Boston's 15 goals for the week and McKenney tied Bathgate for the lead in goals scored with 11.

Ducats Available For F. & M. Game

Local fans planning to attend the Gettysburg-F. and M. football game at Lancaster Saturday may purchase reserved seats in advance at the college athletic office but they should do so at once as the advance sale of tickets here has practically taken all of the present allotment.

Henry T. Bream, athletic director, reported today that practically the entire student body will go to Lancaster and as a result only a few tickets remain. If the demand is sufficient, he will request more ducats.

One of the largest crowds in history is expected to see the Bullets and Diplomats wind up one of the East's longest gridiron series.

MAY ENLARGE PSU STADIUM

UNIVERSITY PARK, Pa. (AP) — Speculation was revived today that Penn State University might increase the seating capacity of its football field.

The Nittany Lions closed their home football season at 50-year-old Beaver Field Saturday.

University athletic officials favor a larger seating capacity because the growing student body is expected to reach 25,000 by 1970. Also, schedule changes beginning 1960 will bring national favorites here, including Army, Navy, California, Maryland, Rice, UCLA and Missouri.

No one at the university would say whether the playing field will be moved or remain at its present location through the 1959 season.

But the move to a new locale on the eastern edge of the campus was proposed a year ago in the university's long-range study and approved in principle by the board of trustees. However, the trustees have yet to appropriate funds for the project.

Rotary Bowl Game Trophies Awarded

Coach Eugene Haas; Henry T. Bream, athletic director, and Dick Davidcock, fullback, represented Gettysburg College at the weekly luncheon of the Harrisburg Rotary Club Monday when trophies were presented.

Gettysburg received the team trophy, having won the game at Hershey 6-0. Davidcock was awarded a trophy for being the most valuable back in the game while George Salinger, Bucknell guard, was presented a trophy as the most valuable lineman.

Dr. Richard Mara, associate professor of physics at Gettysburg College, was the luncheon speaker and used as his subject "Satellites."

GRIDDER SEEKS REVENGE

REWOOD CITY, Calif. (AP) — Mary Matuszak, fired last week by the San Francisco 49ers, may be around for revenge Sunday when they play the Green Bay Packers.

The 6 foot 2 linebacker, all pro last season, signed Monday with the Packers and said he would be most eager to play against his former teammates. The game will be in Milwaukee.

The Packers placed fullback Howie Ferguson on the disabled list to make room for Matuszak.

SIGNED BY STEELERS

PITTSBURGH (AP) — Center John Simerson, who was dropped several weeks ago by the Philadelphia Eagles, has been signed by the Pittsburgh Steelers of the National Football League.

The Steelers announced Monday that Simerson will replace end Dick Lucas who is lost for the season with a knee injury. The Steelers' roster now is up to the maximum of 35 players.

TRADITIONAL GAMES AHEAD ON GRIDIRON

By JACK CLARY
Associated Press Sports Writer

This is an important week in the lives of quite a few football coaches around the country. They have to prepare for those traditional closing games this Saturday — the ones the alumni would most like to win.

It is also a big week in the life of Michigan's Bennie Oosterbaan and many players who will graduate within the next eight months.

Oosterbaan began his last week as Michigan football coach Monday by calling off practice. He wanted to give his weary players a rest before they meet Ohio State Saturday in Columbus, Ohio. They watched movies and went over scouting reports on OSU.

Yale Vs. Harvard Ahead

In Columbus, Buckeye mentor Woody Hayes said he didn't plan any hard work this week.

North Carolina Coach Jim Tatum gave recognition to the senior members of the Tarheel squad by making them co-captains for the intrastate game with Duke.

The game that is symbolic with tradition — Yale vs. Harvard, this year at Cambridge, Mass., went to the preparedness stages. Harvard, a 54-0 loser at New Haven last year, had four men on the injury list but all were expected to see action.

Battle For Bucket

Yale welcomed back quarterback Tom Singleton. His alternate, Art Lavallee, definitely is out of Saturday's game with a shoulder separation.

They're battling over an Old Oaken Bucket in Indiana, when Purdue and Indiana get together Saturday. A victory for the Boilermakers would make them state champs since they defeated Notre Dame. Indiana was an 18-0 loser to the Irish.

Indiana has won three straight Big Ten games and Coach Phil Dickens admitted his team has played over its head.

Other Preparations

Virginia has quarterbacked Reece Whitley — out since Oct. 11 — back for its game with Maryland. Whitley, the heart of Virginia's passing game, was joined by the Cavalier's leading ground gainer, Tom Gravins, who missed last week's South Carolina game.

Maryland brushed up on defense. Illinois lost south fullback Bill Brown, its leading groundgainer, for Saturday's game with Northwestern. Senior fullback and Capt. Jack Delveaux, out much of the season with a bum leg, will take over the fullback spot.

End Loug Asad and guard Ross Asala were doubtful starters in Northwestern's camp.

GLOOM DEEP FOR PACKERS

Associated Press Sports Writer
GREEN BAY, Wis. (AP) — Ray "Scooter" McLean, coach of the drooping Green Bay Packers, has reached the point where he might just as well pick his starting quarterback by the old coin-meenie-mo routine.

The results are the same. The Packers go right on losing National Football League games.

They have scored just 17 points in their last 3 games — and lost all 3. Their overall record is 1-6-1, worst in the league.

Lately, McLean has been starting Bart Starr and Vito Parrilli in alternate games and then using rookie Joe Francis in the fourth quarter just long enough for him to get his feet wet.

Variable Vito, better known as Babe, quarterbacked the Packers to their only victory, a 38-35 squeaker over the Eagles. Before that game — and since — the Babe has been his usual, unpredictable self.

McLean is loath to put the finger on anybody for Green Bay's sorry season, but he admits, "There is no consistency at quarterback."

No Bowl Feelers For California

CALIFORNIA, Pa. (AP) — Dr. Michael Duda, president of California State Teachers College, says the school is committed to accept a possible football bowl invitation from the National Assn. of Intercollegiate Athletics.

Dr. Duda mentioned the commitment Monday after telling a student victory rally that no feelers had been received from minor bowls.

Students were given the afternoon off from classes to celebrate Saturday's 41-6 victory over Washington & Jefferson. California ended its season undefeated and untied with eight victories and won the State Teachers Colleges Conference title.

The NAIA will stage two regional playoffs the first week of December. The winners of these playoffs will meet in the Holiday Bowl at St. Petersburg, Fla., Dec. 20.

GAME CANCELLED

The Delone Freshmen - javyee football game, scheduled for Monday evening at McSherrystown, was called off due to inclement weather. It was announced it will not be played.

Bullet Reserved Seat Basketball Tickets On Sale

Season tickets for reserved seats for the 13-game home schedule of the Gettysburg College basketball team are now on sale at the college athletic office.

Those desiring to secure the same seats they had last year must place their order by December 1, Henry T. Bream, athletic director, announced today. The season ticket, good for all 13 games, sells for \$15.

Gettysburg plays its first home game on Saturday, December 6, against Hofstra.

BULLETS, F-M, TO END LONG GRID SERIES

Next Saturday Gettysburg will battle Franklin and Marshall College in Lancaster in the finale of one of the East's oldest football rivalries. The contest promises to be the bitterest of all the games on Gettysburg's schedule this year since the Bullets still haven't forgotten the Diplomats upset 6-6 tie in the mud here last year.

The Battlefields would like nothing better than to take a decisive win over the Diplomats over whom the hold a 30-24-6 edge in the series that dates back to 1890. For both teams, the overall record of the historic rivalry will go out the window in a game that looms as a "must" prestige-wise.

The Bullets will gear their defense to stop the Diplomats star fullback George Darrah. If Darrah is to prove his high rating, running through the Bullet defenders should do it since Gettysburg has one of the top defensive aggregations in the East.

The Bullets bid, rugged, mobile line should be in top shape for the first time since the Lehigh fray, to repulse anything the Diplomats can throw at them.

The game shapes up as a classic between two ancient and bitter rivals.

Tyrone Power Was Handsome And Manly In Dashing Role

Editor's Note: AP Hollywood columnist Bob Thomas was a friend and interviewer of Tyrone Power during much of the star's fabulous movie career. In two articles, he gives a closeup view of Power's life.

By BOB THOMAS
AP Motion Picture Writer
HOLLYWOOD (AP)—Tyrone Power created dozens of memorable screen roles, but none was more romantic and adventurous than his own life.

How many of them come to mind... The eager songwriter of "Alexander's Ragtime Band"... the swashbuckler of "Mark of Zorro"... the bullfighter in "Blood and Sand"... "Jesse James"... the soul-seeker of "The Razor's Edge"... the conquistador of "Captain From Castile"....

He was Johnny Apollo, a Yank in the R.A.F., Prince of Foxes, an American guerrilla in the Philippines, diplomatic courier, Mississippi gambler, king of the Khyber Rifles and Eddy Duchin. Each time he was believable. He never won an Academy award, but to a whole generation he was the perfect picture of an adventurous hero.

Tolerated Publicity
His own life bore that out. This was no pose. He had scant regard for publicity, did little more than tolerate it. He merely led the kind of life he liked. It took him all over the world in search of new experiences and challenges.

He seemed destined for a restless life. His father was a stage star in the era when an actor's life meant constant travel. As a young actor, Tyrone played at the Chicago World's Fair and toured with Katharine Cornell's troupe.

Only in the formative stage of his Hollywood career did he stay put. That was when Darryl Zanuck was putting him in one big picture after another, spreading his fame to all parts of the world. The war gave him an escape. His

service overseas as a Marine pilot rekindled the wanderlust.

Refused One Role
When he returned to films he seemed uneasy tied down in Hollywood. As soon as he finished a picture he would hop in a company plane with two or three aides and pilot them on a goodwill tour of South America, Africa or some other far-off land.

He explained: "In my travels, I've seen too many old people sitting around on the decks of boats trying to enjoy trips they waited too long to take."

After 16 years at 20th Century-Fox he was chafing under his contract. He took a suspension for refusing "Lydia Bailey." He said he had done five costume pictures in a row and wanted a film in which "people talk normally, not in stilted dialogue."

Top Star To The End
He added: "There's no thrill left in the movie business. There's no more glory, and you can't add to your bank account; it all goes to taxes. So I figure it's better to do something I like to do."

He realized that younger stars were pressing his position. He said realistically: "When you're through in this business, you've got to have established that you can do something else."

Tyrone never had to worry about being through. He was a top star to the end. It was perhaps fitting that the end came while he was filming a lavish spectacle in a distant land.

SPECIAL DAY NOVEMBER 19

Governor George M. Leader today issued the following statement designating November 19, 1958, as Equal Opportunity Day of Pennsylvania.

In his statement the governor said: "November 19, 1958, marks the ninety-fifth anniversary of the delivery, by President Abraham Lincoln, of the famous Gettysburg Address, an address which expressed in moving and simple words the dedication of our nation to the principles of government by all the people, for all the people."

"From the earliest days of our country's history, we have been devoted to the principles of equal rights and equal opportunities for all men. Governments—state, local and federal—private agencies and groups, individual citizens have

world. They operated on sheer will to fight." A major secondary consideration in their loss of the war was "loss of morale," the commentator added.

But Dr. Current saw possibility of victory for the South had the South made the most of its opportunities. Management of its cotton exports and markets could have worked to the South's advantage, he said.

He added that the chief economic errors of the South were: "Its failure promptly to exploit cotton as a basis for foreign credit; its unwillingness to tax its people and its reliance, instead, on issues of paper money in the form of treasury notes; its impressment, or seizure at arbitrary prices, of the goods of its citizens; and its lack of thoroughness in the promotion of manufactures and in the control of transportation, especially by railroad."

Missed Opportunity
The Confederacy had means in cotton, Dr. Current said, but "failed to seize this splendid and obvious opportunity during the first year of the war—before the blockade became too tight."

This, he said, "must prove the stupidity if not the insanity of government leaders."

Finally, it was the economic superiority of the North which permitted Lincoln to say, in his message to Congress in 1864, "It is of noteworthy interest that the steady expansion of population, improvement and governmental institutions over the new and unoccupied portion of our country have scarcely been checked, much less impeded or destroyed, by our great civil war, which at first glance would seem to have absorbed almost the entire energies of the nation."

More Army Mules
"Jefferson Davis could not truthfully have said the same of the South in 1864," Dr. Current said. "It was economic might which made it possible for the North to field the stronger forces

all endeavored to translate these principles into action and fact.

"Here in Pennsylvania, state government has recently enacted the Fair Employment Practice Act, designed to insure equal opportunities for employment for everyone, regardless of race, color or creed. I have also appointed a Committee on Discrimination in Housing to make an intensive study of this problem and recommend ways of solving it."

"It is very fitting that we should set aside a special day to remind us that equality of opportunity is one of the foundation-stones of our country's greatness. In recognition of this fact, I am designating November 19, 1958, as Equal Opportunity Day for Pennsylvania."

and, when the final test came, to place at every crucial point, as A. B. Hart has said, 'more officers, more men, more camp followers, and more army mules.'"

Diplomatic Struggle
The North, through the diplomacy of Lincoln's secretary of state, William L. Seward, maintained a diplomatic authority which successfully thwarted Southern efforts to obtain the hoped for recognition from major European powers. Dr. Norman A. Graebner, professor of history at the University of Illinois, said this morning during a session of the second annual Civil War Conference at Gettysburg College.

"Seward," Dr. Graebner said, "understood the essential task which he faced—that of preventing Europe's powers from being drawn into the scale of the American struggle. His diplomacy had only one objective, the preservation of the Union. To forestall European interference, Seward simply denied the existence of war in America, and without a war there could be no belligerents."

One Political Power
"There is here, there always has been," he informed the British and French, "one political power, namely, the United States of America, competent to make war and peace, and conduct commerce and alliances with all foreign nations."

"What existed in America, he insisted, was an armed secession seeking to overthrow the government, but its suppression did not constitute a war or in any manner modify the character, rights and responsibilities of either the United States, or foreign nations in their relations with one another. Seward admitted that the law of nations permitted the recognition of established de facto governments; he merely denied that one existed in the South."

Could Not Agree
The nations of Europe, particularly Britain and France, could not agree on a joint policy, Dr. Graebner noted, and felt it foolhardy to embark on a course of recognizing the belligerency of the South unless they could agree.

Russia was the problem. "Only Russia, of the great European nations, favored the preservation of the Union," Dr. Graebner said. "Edward de Stoeckl, the Russian minister in Washington, warned his government that Russian interests demanded the recognition of the Confederacy only after the North had done so. What disturbed Stoeckl was that the destruction of the Union would threaten the equilibrium in world politics, for the United States had become the world's best guarantee against British aggressiveness and arrogance."

More About Seward
Dr. Roy F. Nichols, of the University of Pennsylvania, played the second pinch-hitter role of the conference, substituting for Dr. Edward Younger, of the University of Virginia, to provide the comment on Dr. Graebner's lecture.

Dr. Nichols expressed the hope that "we can have further light on these people," the staff of Secretary of State Seward. Dr. Nichols said of Seward, "There is nothing in his experience which would have given him these insights." He credited Seward's success to a capable staff. The commentator said that more study of diplomacy is needed.

He called for objective study which, he said, can be had by looking in European archives. "Find out what European diplomats wrote about us to their home governments."

War Not Unique

Emmitsburg COMMITTEES NAMED FOR SETON PTA

The Mother Seton School PTA met Thursday evening in the school cafeteria. President Mark Lannon conducted the meeting which was opened with a prayer led by the principal, Sister Francis, and the salute to the flag by the group.

After the reports of the secretary and treasurer, Mrs. Campbell, general chairman of the recent bazaar, reported on the success of the event and stated that approximately \$900 was cleared.

The group voted to have masses said during November for deceased members and benefactors of the PTA and to purchase a movie projector for use of the school.

President Lannon announced the following standing committees for the coming year, the first named being chairman: Refreshments, Mrs. Arthur Starnier, Mrs. Charles Stouter, Mrs. William Sanders, Mrs. Carmel Kelly, Mrs. Sam Marzalo, Mrs. Joseph Elliott, Mrs. Francis Hemler and Mrs.

Peter Scilla; membership, Mrs. Ruth Etheridge, Mrs. Frances Keitholtz, Mrs. Ray Felix and Mrs. Bernice Brown; ways and means, Robert Koonz, Ray Felix, Joseph Haley, Mrs. Mary Knox and Mrs. Rita Remavage; publicity, Mrs. Elsie Wivell, Mrs. Kathleen Shorb, Mrs. Linda Bolinger and Mrs. Loretta George; transportation, Carmel Kelly, Robert Marshall, Lumen Norris and Eldred Bock; athletic, Ray Felix, and programs, Sister Francis.

Sister Francis thanked all who took part in the fall bazaar held last month. A covered dish social will be held at the December meeting, with refreshments in charge of St. Anthony's parish.

Several reels of film were shown to the group in the form of demonstrations. Students of the eighth grade presented a program following the business meeting. Refreshments were then served by members of St. Joseph's parish.

The hidden excitement that people feel when receiving a long distance call, is always apparent with small fry. They seem to bubble over when the call comes through.

Everyone appreciates being remembered. And one of the nicest ways of remembering is with a long distance telephone call.

Long distance telephone service is economical, too. Especially if you call after 6 p.m. or on Sunday when low rates are even lower.

2 GIRLS ARE NAMED HEIRS TO FORTUNE

SAN FRANCISCO (AP) — Two girls, whose home is a modest flat over a San Francisco grocery store, have been named heirs to an Austrian castle and one-fourth of a million dollar estate.

The Chronicle said Monday they are the daughters of the late Archduke Albrecht von Hapsburg-Lothringen, who once hoped for the crown of Hungary. He died in 1955.

The newspaper said it learned of the girl's good fortune by telephone from Christian Broda, an attorney in Vienna. Broda said an Austrian court had ruled that the archduke's true wife was their mother, Catherine Lorraine, a well groomed clerk in a financial district office here.

Nullified Divorce
She had not told Lidika, 16, and Sarolta, 18, that they might become title holders until 1952 when she filed a suit here and became their legal guardian.

The mother is to receive a comfortable living from the estate, Broda said, but the daughters will get a much larger share.

The Austrian court ruled out a Mexican divorce the archduke had obtained, the attorney continued, and then ruled that it would not recognize his subsequent marriage to Lidia Straus, a Hungarian singer with whom he lived in Buenos Aires until his death.

The mother's 1938 marriage to the archduke broke up shortly after they fled to America in 1944, the newspaper said, and the mother and her daughters settled in San Francisco while the archduke took the name Alberto Conde Sirana and moved to Latin America.

TEN KILLED IN HEADON CRASH TODAY IN TEXAS

SAN AUGUSTINE, Tex. (AP)—A head-on collision of an auto and a pickup truck just north of here killed 10 persons and injured two more early Monday.

Percy Garner, funeral home operator here, said four of the dead were children and seven were members of the same family. State Highway Patrolman R. H. Vinyard of Center, Tex., said the family was from Tenaha, Tex., in Shelby County.

Sheriff E. C. Nichols said Maurice McClellan and Charles McClellan, cousins from Center, were in the pickup truck. Vinyard said Charles was driving. Charles was killed and Maurice was taken to a Shreveport, La., hospital in critical condition.

All Were Negroes
Vinyard said the auto, containing 10 persons, was driven by Ralph Reed of Tenaha.

Nichols said all involved were Negroes.

"The pickup truck was about feet over the center line. It had just topped a little hill on a straight stretch of road. The car applied its brakes for about 45 feet. The pickup didn't apply its brakes at all," the sheriff said.

Vinyard estimated the speed of each vehicle at about 70 miles an hour.

CALLS LEAKS BACKGROUND

WASHINGTON (AP) — James Hagerty, White House press secretary, says he sometimes "leaks" news to the press but prefers to call it something else.

In a filmed television program—Small World—CBS—Sunday, Hagerty said he used the term "background stories" for the information he sometimes gave segments of the press.

He had been asked by British journalist Malcolm Muggeridge: "Can you say with your hand on your heart that you never deliberately arranged a leak?"

"Of course I can't and I wouldn't," Hagerty replied.

"Now, it's your definition of what you call a leak, and I think we might be arguing over the words here," Hagerty said.

Then Hagerty said leaks by certain members of the government, whom he did not name, had added "some more gray hairs to my head." Other disclosures of information, he said, actually were background stories.

TAIPEI (AP) — The Chinese Communists peppered the Quemoy Islands with light, harassing gunfire Monday.

The Red guns, silent throughout Sunday, fired 236 shells at Quemoy, Little Quemoy and the Tan Islands between midnight and 11 a.m.

Vice Adm. Herbert H. Hopwood, commander of the U.S. Pacific Fleet, left Taipei for his headquarters at Pearl Harbor and told newsmen the crisis in the Formosa Strait obviously had abated.

SEOUL (AP) — Seven U.S. Air Force men Monday were reported missing after the crash of a B66 jet reconnaissance bomber on the west coast of South Korea.

An Air Force spokesman said the plane crashed Saturday night

Ask OK On Sale Of Hoxsey Building

PITTSBURGH (AP) — U.S. District Court is considering a request by two physicians to approve purchase of the Hoxsey Cancer Clinic building at Portage, Pa. Drs. Glenn M. Roberts of Burgettstown and Dr. Alfred Grill of Moon Run told the court they would operate a diagnostic clinic and offer surgical and medical treatment in several specialty fields.

The clinic, center of a two-year legal battle over its treatment for cancer, was closed recently. A federal court injunction was issued a year ago banning clinic dealings with out-of-state patients.

FREE TOURIST HELD AS SPY IN GERMANY

BONN, Germany (AP)—A young American tourist jailed for a month in East Germany on spy charges said Monday the Communists apparently decided to free him on realizing they could not win any diplomatic advantage by holding him.

George S. Milroy of Ann Arbor, Mich., was released Saturday after being arrested Oct. 17 on charges of taking a photograph of a Soviet headquarters in East Germany.

Milroy said he was not man-handled by his captors but was put under terrific psychological pressure in an unsuccessful attempt to force him to confess.

Milroy told a news conference here that a girl interpreter betrayed the Communist motives when she said: "Through you we will get the United States to recognize the DDR (East Germany)."

He kept demanding to be put in touch with U. S. consular authorities but was always told "your consul won't speak to us."

Milroy was seized near Neustrelitz, 70 miles north of Berlin, while driving to West Berlin from Copenhagen.

Milroy, a bachelor salesman who lives with his father in Ann Arbor, said the worst part of his experience was not knowing what would happen to him.

"At one time I had the feeling I was fighting for my life," he said. He had been interrogated day after day until there didn't seem to be anything they didn't know about him.

"But," he went on, "they always came up with more questions. I even had to give them a list of all my relatives and name all the 13 grade schools I went to. They know more about me than the FBI."

107 MILES OF ROAD BID IN PA.

HARRISBURG (AP)—The state Highways Department has handled bids totaling \$82,702,475 for interstate road construction projects so far this year.

Lewis M. Stevens, highways secretary, said in a weekend report that the bids — from January through October—are for 107 miles of Pennsylvania construction on the federal interstate program.

Pennsylvania's mileage for the 16-year interstate program is 1,545 of the national total of 41,000 miles.

Last year the Highways Department received \$73,453,352 in low bids for construction of 69 miles of superhighway.

Stevens said the most important interstate system projects this year were completion of contracting for construction for the Erie Throughway and advertisement for bids on all but three sections of the Penn-Can Highway north of Scranton.

Suggest NATO Earth Satellite

PARIS (AP) — A committee of legislators proposed Monday that NATO launch an earth satellite for peaceful outer space research by 1960.

The satellite, which would bear the emblem of the North Atlantic Alliance, is the first point in a proposed program of "peaceful scientific and technical cooperation in upper atmosphere and outer space research, development and exploration."

The program was recommended by the Scientific and Technical Committee of the fourth NATO Parliamentarians' Conference, which opened a week-long session in Paris.

Youth, 18, Killed, 7 Hurt In Crash

SCRANTON, Pa. (AP)—An 18-year-old boy was killed and seven other teen-agers were injured seriously Sunday night when their car hit a medial strip and overturned.

Police said the car skidded 70 feet down Route 590 before overturning. The injured youngsters, three girls and four boys, were trapped in the wreckage.

The dead boy was Richard Cigna of Scranton.

The injured all are from Scranton. Hospital officials described their conditions as guarded.

WORLD ON WHEELS

By FLOYD CLYMER

This year a record number of American tourists either purchased or rented cars while in Europe.

Few people realize that it is easy to secure an international driving license, which is necessary for driving in foreign countries. The traveling offices of the American Automobile Association have long been affiliated with automobile clubs in foreign countries and they can and do issue these permits upon application. More than 71,000 American tourists obtained permits during the first seven months of 1958. This represents a gain of 18,000 over a total of 53,000 permits issued during the entire year of 1957.

"Drive yourself" foreign tours are becoming increasingly popular with our citizens, and driving regulations in most foreign countries are similar to our own. On the Continent only in Sweden do they drive on the opposite side of the road. This is a little confusing at first to the American driver, but one soon becomes accustomed to it. While right hand drive cars are popular in some foreign countries, it is interesting to note that in Sweden practically all the imported cars have left hand drives, even though they drive on the left hand side, as they do in the British Isles.

International Permit

All that is necessary to secure an international driving permit is to present two passport photos, together with an application and show evidence of a valid driver's license in any U.S. state or possession. The cost varies, but it doesn't usually exceed two or three dollars.

The holder of an international permit not only has a unique document, with writing in several different languages, including Japanese, and his or her photo (which usually is not flattering), but he also complies with the law of all countries excepting the U.S.S.R., Spain and Finland. Why our good friend, Finland, who always pays her debts to us, does not recognize the international license is puzzling.

James L. Ward, chief steward of Detroit Tool and Die Makers Local 157, in a recent letter to Detroit newspapers, complained bitterly that American tool and die makers are being thrown out of work, due to a unique situation. He states that our economy is definitely affected in view of the fact that many of the automobile manufacturers are importing tools and dies made in foreign countries. He further complains that these units are shipped to this country under present laws

Unfinished Material

According to Ward, the dies are completed in Europe, removed from the die shoes and shipped in sections as unfinished material, under the low tariff, and re-assembled in this country. He contends that this is unfair, in that there are presently thousands of tool and die makers who are citizens of this country, not only in Detroit but in other cities, who are unemployed as a result of this practice. Ward contends that, inasmuch as we have sent so many billions of dollars to assist countries in Europe, we should not give additional assistance by employing foreign workmen — which actually might well be considered as taking away the jobs of American tool and die makers. Perhaps Ward has a point that is well worth considering.

Shade Of Henry Ford

More than 37 years ago Henry Ford became interested in the use of aluminum in the manufacture of his famous Model T. It appears that Henry was far ahead of his time, in that he foresaw the day when aluminum would play an important part in the production of automobiles. In cooperation with the Reynolds Metals Company, the Ford Motor Company is exploring more and more the use of aluminum for certain units in their cars, both for a reduction of weight and from an economical standpoint.

Mr. Ford, in fact, forecast a Muscles Shoals area very much as it is today at a time when he offered to lease the Wilson Dam and its hydro-electric facilities and also to purchase the nitrate plant. He believed that, with the proper use of the power possibilities, Muscles Shoals should become a city of 100,000 people, in view of the fact that he believed in developing the aluminum industry close to the raw product. He also foresaw the making of aluminum castings at Muscles Shoals.

Aluminum Casting Plant

Actually, Ford did not enter aluminum production as Henry visualized, but it does now have a new aluminum casting plant which is one of the few automotive facilities devoted exclusively to the output of aluminum parts. The capacity of the aluminum plant of Ford utilizes 800 employees, with an annual payroll of about four million dollars — in addition, the plant uses other supplies, services and raw materials, totaling an additional thirteen million dollars per year.

The Ford plant produces 67 automotive parts, ranging in weight from less than 1 pound up to 24 pounds. The smallest casting is a

CHRYSLERS FOR 1959 ARE ON DISPLAY

More room for passengers and a new more powerful engine with traditional outstanding fuel economy.

That's the news about the 1959 Imperial on display by dealers throughout the nation according to C. E. Briggs, vice president of Chrysler Corporation and general manager of the Chrysler and Imperial Division.

The 1959 model is the first to be built in the corporation's new Imperial plant. Briggs said the new plant marks a further step in setting the Imperial apart from other cars.

"The Imperial is completely different in sculpture and engineering since 1957," he said. "Now it has a home of its own where men with specialized skills are giving their attention to it exclusively."

New and optional features include: A stainless steel roof creation for hardtop models, swivel front seats for convenience in entering or leaving the car, rear air suspension for maintaining level chassis under all load conditions, rear view mirror that electronically adjusts itself to avoid headlight glare, new push-button controlled heater-air conditioning unit, electronically controlled headlight beam changer.

Mr. Briggs said new Imperial standard features include new super enamel paint finishes which require no polishing up to three years, 13 new exterior paint color creations, new interior fabric and upholstery designs in leather, wool broadcloth, nylon and nylon metallic fabric and vinyl; newly designed instrument panel, and new stronger body frame using heavier gauge steel.

Auto-Pilot Emphasized

Mr. Briggs said renewed emphasis is being placed in Auto-Pilot, the turnpike cruise-control system which Imperial introduced in 1958.

"Auto-Pilot has won outstanding public support," Briggs said. "We expect to install Auto-Pilot

on at least 35 per cent of all Imperials."

In an actual turnpike run between Detroit and New York by identical 1958 production cars, the Auto-Pilot equipped car enjoyed a 15 per cent gas saving over the car without Auto-Pilot. Auto-Pilot, which is engaged by simply pushing a button, maintains a constant speed over all roads, level or hilly, and allows a driver to remove his foot from the accelerator for long periods of time.

Greater Interior Room

More room and greater riding comfort for 1959 Imperial passengers have been provided by a new frame, a lower floor and greater seat height in both front and rear. This improvement is especially appealing to rear seat passengers, giving them considerably greater leg room, Mr. Briggs said.

The new frame besides permitting greater leg room is much stronger. Steel gauge has been nearly doubled in certain areas of the frame while other areas have been structurally thickened

The 1959 Imperial sedan is one of the four body styles produced in the new Imperial plant in Detroit. It has a new 350-horsepower engine, increased interior room for passengers and many new optional comfort features including swivel seats. Imperial also builds four-door and two-door hardtops and convertibles.

MOTOR MAIDS

THE DRIVER'S SEAT

By Jeanne Smith
Safety Consultant

Although much has been written on how to drive safely in winter, many motorists still are confused about types of tires and chains that best prevent dangerous skids on snow and ice.

Some helpful information on this subject, based on tests and research by the National Safety Council's Committee on Winter Driving Hazards, was revealed recently at the International Skid Prevention Conference in Virginia.

Committee Chairman A. H. Easton made the following observations to aid drivers who live in northern climates or mountainous areas. Residents of southern states, who may be planning northern trips this winter, will be interested in his analysis also.

1. Regular tires are inadequate for certain severe winter driving conditions. Smooth or worn tires corner very poorly and should never be used on

LIQUOR GIFT BUYER TO HAVE FANCY CHOICE

By RIP WATSON
AP Business News Writer

NEW YORK (AP)—Fancy decanters and multicolored, pre-wrapped gift packages battle to a standoff this year in the perennial holiday struggle to catch the eye of the liquor buyer.

In nearly every case, however, distillers hedge their bets. The decanter proponents use fancy wrappings or a distinctive carton for lesser brands. The gift wrap firms, on the other hand, put their top prestige brands in cut glass, crystal containers.

There are solid reasons for It was inevitable, of course, that Mortimer's career should have closed as it did — and we may be thankful that he took no one else with him when he departed. All too frequently, the idiot-boy drivers who infest our highways tragically compound the felony of their behavior by sacrificing helpless victims along with themselves. At least our boy set out alone.

"Scragg's Folly"

Somewhat to the annoyance of Mortimer's more normal relatives, the curve where he died is known far and wide as "Scragg's Folly." And folly it was as attested by the fact that Mortimer has been the only loser on the curve since the brilliant reflective sign there replaced an undecorated placard that could not be seen at night and whose only value had been as a target for deer hunters.

The amount of liquor given by one friend to another is impossible to guess, but business giving alone is estimated at 295 to 300 million dollars by Schenley Industries, Inc.

The company estimates industrial sales in the fourth quarter of 1957 at 67 million gallons vs. an average of 48 million gallons in each of the first three quarters.

Uncle Sam Gets Some

Arthur Bondurant, vice president of Glenmore Distilleries Co., Kentucky firm which claims to have originated the decanter idea in 1937, explains the use of special glassware for top brands by saying people like to "trade up

Whatever form the liquor is packaged in, however, Uncle Sam will get the biggest gift—\$2.10 in federal excise tax on every fifth.

27 ARRESTS IN DRIVE

PHILADELPHIA (AP)—Twenty-seven motorists were arrested Saturday and Sunday in this city's drive against weekend accidents.

It was the highest total of weekend traffic arrests since the drive started about two years ago.

Nineteen of those arrested were pronounced intoxicated by police officials.

WESTERN PEN PRISONERS GET SLASH IN PAY

By BOB HOLTEN

HARRISBURG (AP)—A prison inmate usually has more than enough to be sorry about without having to take a 75 per cent cut in pay.

Yet, that is exactly what has befallen some 100 prisoners at the Western State Penitentiary in Pittsburgh.

But William Knuth, state superintendent of prison industries, says things are expected to pick up by the beginning of February.

Tag Business Off

The inmates had their pay reduced from as high as 40 cents a day to a maximum of 10 cents a day when the prison metal shop began to cut back production early this year.

About 90 of the shop's 400 regular workers were forced into routine maintenance work when state vehicle license plate production was curtailed. Western State Penitentiary prisoners produce the state's license plates.

Starting with the issue this year, Pennsylvania motorists will be required only to obtain small tags to attach to their regular license plates.

By action of the Legislature, this procedure will continue with new large plates issued in five-year cycles.

"We found that we didn't have near enough work for the regular metal shop crew once the new tag system went into effect," Knuth said.

But he quickly added that the situation will soon be remedied when the metal shop at Western State Penitentiary begins making metal road signs and other items for sale to local communities.

"We have done some road and other sign work for the state branches before, but not on a large scale and we've never sold them to municipalities," the superintendent said.

GRANGE HAS NEW PLAN ON REFERENDA

By OVID MARTIN

GRAND RAPIDS, Mich. (AP)—The National Grange proposed today that producers of each farm commodity be allowed to choose through referenda the type of farm-aid program they deem best suited to the commodity.

The farm organization has suggested in convention resolutions that such programs be managed by organized producers, under guidance of the government.

The Grange declared that agriculture faces the prospect of overproduction for years to come. Hence, it said, effective ways must be found to adjust production to markets or else farmers will suffer economically.

Self-Help Plan

"We reaffirm the Grange position favoring self-help programs developed along commodity-by-commodity lines. Therein lies the power to manage our production and our marketing in such a manner as to provide consumers with an abundance without overabundance at prices reasonable to both producers and consumers," the resolution said.

This Grange approach to the farm problem has not found favor with Eisenhower administration farm officials.

The farm organization called upon the states to help halt a trend toward a strong federal government by assuming their full financial and other responsibilities.

Along this same line, the convention said the U.S. Supreme Court has been making decisions which "appear to invade the prerogatives of states (and) which are generally considered as usurping the field of the legislative branch of government."

SEEK FLYER IN UTAH MTS.

HILL AIR FORCE BASE, Utah (AP)—For the fourth frigid day searchers in jeeps and planes and on horseback headed into the storm-swept northwestern Utah mountains looking for the last of eight men who parachuted from a crippled air force plane.

The dim hope that Capt. Donald Liggett, 40, of Indianapolis, Ind., is still alive drove exhausted rescuers into the hills east of here after a badly needed night's rest.

Search activity temporarily halted Monday night in fear that some of the men would themselves perish if they stayed in the hills through the subzero night.

Liggett was one of eight men who parachuted from a C119 Friday night after one of the plane's two engines died. The aircraft crashed after flying unattended another 150 miles.

The plane commander, Capt. Harry O. Blount, 33, Great Falls, Mont., and three enlisted men aboard survived the jump and were rescued.

Three men died battling blizzards and waist-high snow in frantic efforts to reach help.

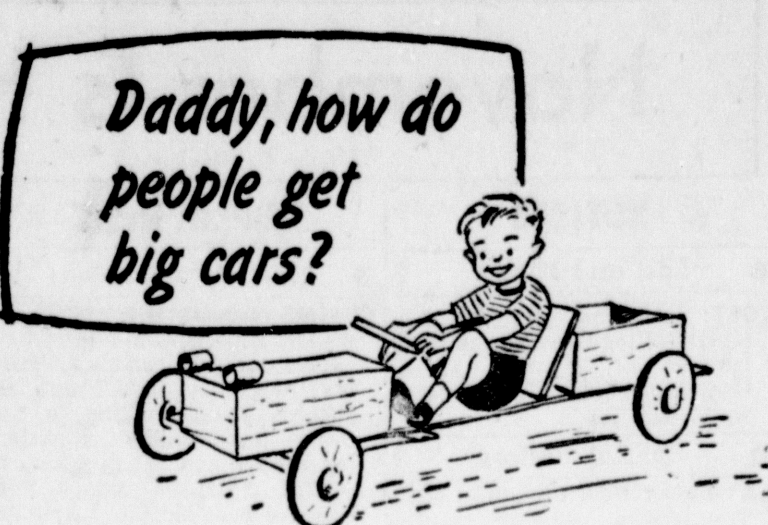

Callas Will Sing In Carnegie Hall

NEW YORK (AP)—Unwanted by the Metropolitan Opera, Maria Meneghini Callas will move up-town to Carnegie Hall to sing in New York this season.

The controversial soprano, fired this month by the Met and by the La Scala Opera in Milan, Italy, will sing in the American Opera Society performance of Bellini's "Il Pirata" on Jan. 27. The production will be the first of the opera in New York in more than 100 years.

The society's series this season is sold out, except for standing room, through next March.

If you have a freezer you can roll balls of ice cream in coconut and store. Then when you want to serve a fancy dessert remove them from the freezer a short while before dessert-time and serve with chocolate sauce.

Tell him the answer that everyone should know. The wise car buyer uses a bank auto loan for these reasons: He can borrow at lower cost, can include the insurance premium when he borrows, and can build up his credit while enjoying his car. If you have any questions about a bank auto loan, come in soon for the money-saving answers.
